SUBHENDU DAS

Full-Stack Developer

I am a Full-Stack Developer focusing on Progressive Web Applications and Mobile Applications end to end development with over 6+ years experience.
Having started as a Front-end Developer, I've been working with HTML, CSS, Jquery, Laravel, Wordpresss and Codeigniter. Then I came to know about these awesome frameworks like Express, Adonis, AngularJS, ReactJS, VueJS and Spring Boot. Now I also specialize on Mobile development with NativeScript, ReactNative. Recently I enhanced my skill sets with Concurrent Computing with GoLang and Machine Learning.
